Stefania Boffa received her bachelor and master degree with laude in Mathematics from the University of Salerno, Italy. She got a Ph.D in Computer Science and Mathematics of Computation in 2018 at the University of Insubria, Varese, Italy. She worked on solving the OP RDE project as a post-doctoral researcher at the Institute for Research and Applications of Fuzzy Modeling (IRAFM), Ostrava, Czech Republic. She is currently a post-doctoral researcher at the University of Milano-Bicocca, Italy. Stefania's research mainly focuses on Fuzzy Formal Concept Analysis and Rough Set Theory. She is co-author of more than 20 scientific articles, which are published in international journal and proceedings of international conferences. She is a member of the editorial boards of the journal Soft Computing. Moreover, she was a scientific committee member of conferences and a reviewer of several scientific journals.
